## DETAILED ACTION

### *Response to Amendment*

The reply filed on April 17, 2003 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): claim 9 is missing limitations that were part of the claim, as amended on July 9, 2002. The limitations “at least one first winding slot having a tuning slot that extends radially inward from the bottom thereof a distance that tunes the rotor to a desired torsional natural frequency, and at least one second winding slot being devoid of a tuning slot” are missing in the proposed amendment. There are new limitations present in the proposed claim 9, which were not part of it on July 9, 2002. These new limitations were not underlined in the proposed claim 9 as new limitations. It is not clear which limitations will be added or removed; See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
